

## A Sneak Peek: zHealth Product Roadmap

A successful product needs to have a plan of where it's going in order to succeed. That's why we have designed our Product Roadmap to map out our product's vision, strategic objectives, and development progress over time. Today, we are happy to share our Product Roadmap with you so you can keep a track of where our product is headed. You can also get a closer look at important aspects like the features we have planned for the coming months or year and promised deliverables. Click the link below to get a sneak peek on what's around the corner and on the roadmap.

## New Interface and Easier Workflow for Memberships

At zHealth, we strive to always provide the best possible customer experience to our users. With ever-evolving customer demands, we are always improving so you can make the most of Memberships feature in zHealth.

We listened to your feedback, did our research and, after redesigning the Memberships interface, we are proud to present to you our new and improved Memberships tool. It's not just the looks. To offer you a completely new and fresh experience that will improve your overall email building, we've added some new features to the lineup. Let's see what's new!

This new Memberships interface will help you add a membership plan to a patient's account easier and faster than ever before. We've moved things around a bit for your convenience, and if you give it a spin, you'll know exactly what we're talking about.

We've added support to change the payment method after you add membership plan to a patient's account. You can even delete a membership if it is not used in any invoice and no claim is associated with the membership plan.

## Product Updates - What's New

**Provider Settings**  
We've added support for color coding of the "[Provider Business Hours](#)".

**SOAP Notes**  
We've added a "Date" box and "Comments" section to each component in the [SOAP Notes](#) section. Now, you can change/edit date and add/edit comment in Subjective, Objective, Assessment, Plan, and Daily Notes.

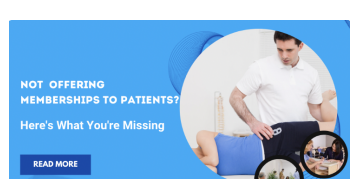

**Billing Center Report**  
We've added new columns for patient DOB, primary and secondary insurance IDs, co-pay amount, and diagnosis pointers to the [Billing Center Report](#).

**Enhancements to Reports**  
We have made enhancements to a number of reports, including [Outstanding Claims Report](#), [Daily Schedule Report](#), [Invoice Payment](#), [Day Sheet Reports](#), and [Supplement Report](#).
