

Get Ready for zHealth Rewards!

Introducing zHealth Rewards

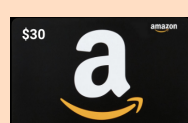

At zHealth, we are all about giving you the best experience. As one of our valued customers, it's important to us that you understand how much we value your business. We've started a new way to do just that – we launched an innovative **zHealth Rewards Program**! Some of you might have already seen our Rewards Program in your zHealth accounts or you might get to see it in the next few weeks. We've added lots of exciting and exclusive rewards to say thank you to our amazing customers, like you!

All you have to in order to take part in our new rewards program is to log in to your account. Once you're there, you'll be able to see **zHealth Rewards button on the Dashboard**.

Choose the **\$30 Amazon Gift Card** option. Write us a review about why you **rate zHealth as 5 stars** at the two review site links provided.

Provide us the details like date of review posted and reviews are posted under which name. Share the **email address** at which you would like to receive the **\$30 Amazon Gift Card**.

Enjoy, and thanks for being an amazing customer!

Product Updates - What's New

EOB Posting
The [EOB payment posting](#) screen will show We've added a new column - Remaining Balance - that will automatically calculate the remaining balance once you enter "Insurance Adjustment".

SOAP Notes
We've added Date and Comments boxes throughout the [SOAP components](#), including Subjective, Objective, Treatment, Plan, Exam, Daily Notes, Additional, Invoice, and Review & Sign.

zHealth Pay
[zHealth Pay in PC](#) and [iMac](#) now supports multiple Activation Codes and Merchant Keys if your facility is using multiple card readers.

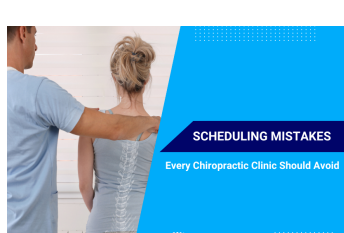

Enhancements to Reports
The [Supplement Report](#) will now have a new column for "Added By", which means you will be able to see who added the supplement to an invoice. We have also added the patient's contact number to the [Accounts Receivable Report](#).
