

Did You Unlock Your zHealth Rewards!

Happy Thursday!

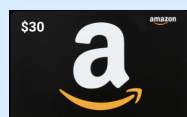

We want to say a huge thank you for trusting zHealth for managing and growing your clinic. As a token of appreciation, we introduced the zHealth Rewards Program in August 2022 to make your experience with us even more rewarding. We rolled out zHealth Rewards for some of our customers and will be introducing the rewards program to more customers in the coming months. To participate in the zHealth Rewards program, all you need to do is share your 5-star experience with our software reward and we will reward your valuable time and efforts with a \$30 Amazon Gift Card.

Customers who have already shared their reviews, you may have received your gift card in your email or you will receive it in a few days. Enjoy!

Customers, who have not unlocked their zHealth Rewards yet, now is the time to earn a \$30 Amazon Gift Card. Share your 5-star reviews and get your gift card delivered straight to your inbox.

If you don't see the zHealth Rewards button in your dashboard, it may be coming soon. Stay tuned!

Enjoy, and thank you for being a wonderful customer!

Product Updates WHAT'S NEW

New Features and Updates

zHealth is getting more powerful, helping you grow your clinic more efficiently. Here are 1 brand new feature + more recent updates you can use when you work with zHealth:

At zHealth, we introduced a new feature to enable clinics to apply patient credit to multiple invoices. Here's how you can do it:

Step 1:

Search the patient and open the patient chart. Click the link for Patient Credit on the top to view credit details.

Step 2:

If the patient has more than one credit available, choose the credit you want to use. Click the small "Balance" icon to apply the particular credit to multiple invoices.

Step 3:

Click the checkbox for "Apply Credit", enter the Amount to Apply and the Amount to Adjust. Then click the "Apply Credit" button on the top.

Step 4:

To confirm if the patient credit has been applied to the invoice, go to the Patient Billing tab, search the invoice to which you applied Patient Credit and check Invoice Payments section for confirmation.

More Product Updates

zHealth Pay

If you're a zHealth Pay user, you can now quickly [email patient balance](#) and ask your patient to pay online.

Conversations

The [Conversations](#) tab, whether you're viewing inside Patient Chart or Review Plus dashboard, will now show all text messages, including appointment reminders, Review Plus and Patient Plus text messages, direct one-to-one conversations, and even patient responses. We've also added last message sent date and time column in [Review Plus dashboard > Conversations](#).

Review Plus

For [Review Plus users](#), we have added placeholders for review URLs for Yelp, Google and Facebook in the [Update Info > Facility Details section](#).

Transaction Summary Report

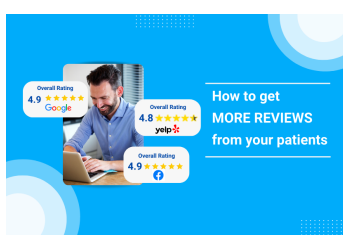

You have now two Report Options - **Date of Service** and **Payment Date** - when generating the [Transaction Summary Report](#).
