

3 zHealth Tools That Chiropractic Offices Can't Stop Talking About

zHealth's all-in-one chiropractic practice management and patient experience platform has a variety of tools to help your chiropractic clinic save time, increase the number of appointments, and improve patient engagement. Here are three zHealth add-ons chiropractic clinics are raving about.

1

Review Plus
Online reviews help make your clinic the obvious choice! Stand out for your prospective patients with zHealth's easy to use online review management software. Requesting reviews from your patients has never been easier!

2

Patient Plus
Patients who have not scheduled an appointment in the last few months are at risk of never stepping into your office again. Get them back with Patient Plus, our patient reactivation software. Patient Plus sends automated recall reminders, bringing you additional revenue from reactivated patients.

3

Conversations
Easy one-click communication with patients, right from your Mac or PC. Engage patients, send them important updates, schedule appointments, and answer questions with zHealth's powerful two-way texting solution - Conversations.
